ended have been restated to reflect this change.

These donated goods are valued based upon a study conducted by Food America, a not-for-profit entity whose mission is to feed America's hungry through a nationwide network of member food banks and engage the country in the fight to end hunger. Through its study, Feeding America determines annually the approximate average wholesale value of one pound of donated food at the national level. This pricing may be adjusted for regional pricing and specific food handling costs. The approximate average wholesale value of one pound of donated product at the national level is \$1.79 and \$1.74 for the years ended June 30, 2021 and 2020, respectively. The total value of the Center's donated goods for the year ended June 30, 2021 and 2020, amount to \$1,189,167 and \$1,425,964, respectively.
